LEDGER.

*Special Notice.*

There will be no Deaver meeting at the M. E. Church, South, on Wednesday night, on account of the revival services at Mitchell's Chapel, East Maysville. We hope all will attend and assist in these services.

T. W. WATTS.

*High Water Mark \$21,304 17.*

The above sum represents the amount which the Western and Southern had put in debt claims to its policy holders. This sum was divided among two hundred and forty different families, and were we to take into consideration the dependents of those who received bene fits from the Western and Southern, we could safely state that over fifteen hundred people were benefited by those who had prudence and foresight to prepare for the time when death would knock at their door and take a loved one from the ranks of a household.

We are almost daily of the untold misery into which families are plunged by reason of not having made provision for the expenses and results of the death occasioned by the loss of a father, a husband, a mother, a wife or a child, who perhaps had been the support of the entire family.

How often could the hardship which a death necessarily brings have been avoided had a little wisdom and tact been used and had preparation been made for an event, which is liable to occur at any time. Industrial Insurance as offered by the Western and Southern is one of the greatest boons to the working man, to the wage earner, which human wisdom has yet devised.

The premiums are small and are collected weekly at the houses of the assured, and hence no inconvenience is felt in their payments.

Providing the applicant be in good health, policies can be secured insuring the entire family from the grandparent to the babe in arms.

Not only this, but the company with which the Western and Southern pays its death claims, is no small item to be overlooked.

There are no tedious delays, no unnecessary formalities; all claims are paid immediately upon receipt of satisfactory proofs of death.

Why would it not be a good plan to see J. L. Todd or one of his agents and insure in this company?

It is the best, and the best is always the cheapest.

*Death of Cox, W. T. Cox.*

Hon. W. T. Cox & Bowling Green, one of the best known attorneys and politicians in the state, died Sunday at 6:30 A.M., after a long illness.

The attorney then in his labor, and called out as he had up a msu:

"How can I offer—now who wants to buy?"

In a twinkl each maled mason responded "I—I" in short, at a highly extravagant price, The bachelors all were sold off in a trice, And the odd maidens, some younger, some older.

Each tugged an old bachelor home on her shoulder.

Sardis, Ky.

Up all the nice things that the jewelers of Mason county keep, Ballyhoo certainly has the finest. His stock is not mingled with any shabby or trashy stuff, but if you get it of him you are getting the best. Give him a call.

At noon to-day seats will be offered on sale at Nelson's hardware store for the Opera-house to-morrow, good for any seat in the house at any hour of the day after 12 o'clock.

Manager Kinneman has made arrangements to get the return by rounds of the Mitchell-Corbett great fight at Jacksonville and a few wives will be run into the house and an exciting time will be had.

From 10 o'clock every set of importance that takes place at Jacksonville or the scene of the fight will be received at the Opera house.

As stated tickets will be placed on sale at Nelson's and if enough are sold, the report will be received.

The expense of a special wire and operator is considerable and there is certainly enough interest in the fight to make this enterprise a success.

## A SHORTAGE

That is the Trouble With the Brooklyn Tabernacle.

The Tabernacle Church Treasurer Said to Be a Defaulter.

It is Believed that if the Financial Affairs of the Church can be Placed on a Firm Basis Tabernacle Com'd Be Induced to Remain.

New York, Jan. 28.—The Sun says it has been discovered that there is a shortage of at least \$1,000 in the accounts of John H. Wood, who was up to a year or so ago treasurer of the Brooklyn tabernacle. At that time nothing was known against the treasurer by several tradesmen for the payment of notes given by Wood. An investigation of the treasurer's accounts was begun, Wood's place being filled in the meantime by the election of Mr. Birker.

The report has now made his report to the board of trustees. He found, he says, many things indicating gross carelessness, to no one harsher term, and he found, also, he adds, that there was more than \$1,000 which was unaccounted for appropriated to his own use.

As a result of these investigations, which had not at that time been completed, Mr. Wood was invited in October last to appear before the new board of trustees to account for his conduct. He said to have admitted the shortage in his accounts, and explained it by saying that he had been careless in his method of bookkeeping and would refund the amount he owed as soon as it could be learned.

It was on Monday evening that since this inquiry began, Mr. Wood has made over to his wife all his real property. He is a furniture dealer at No. 600 Fulton street, Brooklyn, and his business creditors have brought suit against his wife for the real estate, so that it will be necessary for her to sell it, and it will undoubtably come before a court.

The trustees held a meeting at the church Monday night, and the case of Mr. Wood was discussed. The resignation of Dr. Talmage was also discussed, and it was the general sentiment that if the financial condition of the church could be placed on a firm basis Mr. Talmage could be induced to remain.

An appeal to the citizens of Brooklyn was drawn up setting forth the great work accomplished by the pastor during his service of 35 years, and asking that the church should be allowed to contribute whatever they could toward paying off the entire debt of \$200,000.

The trustees present subscribed \$4,500 toward the debt, and Mr. Moody said he knew of many who would give \$1,000 each in the condition that the wife should be released.

Russell Sage was present Tuesday afternoon at his office. He said he had received nothing from his loan to the tabernacle yet. He was of the opinion that Dr. Talmage realized that he was in a position to demand payment for the position in which the church found itself, and that it would inevitably go to ruin if he persisted in resigning, he would reconsider his resignation and fight it out till all was paid.

### Death in Peter's Face.

LONDON, Jan. 24.—A dispatch to the Chronicle from Rome says that the monthly deficit of 100,000 francs in Peter's peace will be balanced by drawing on the reserves of the Bank of France, which is to be used to pay the expenses of the war.

There were in the Bank of France 100 million francs, which were to be used to pay the expenses of the war.

Many of his relatives and the opinion of Stone is not alone in this country, and have written numerous letters to him with a view of getting another confession, all of which have proved futile.

He advises against an effort to enjoin the issuance of the bonds, and suggests that an injunction be asked against their payment when issued.

# GREATEST IN THE WORLD!

Why Thousands of Families Owe Their Health to Paine's Celery Compound.

Thousands of persons are suffering from no definite disease, but are tired, worn out, weak and languid.

To meet the needs of just such over-worked, over-anxious men and women whose nerves are shattered and their blood grown thin and impure, Paine's Celery Compound is prescribed.

It is the greatest remedy the world has ever known for fatigue of mind and body, for sleeplessness, debility and all complaints arising from depressed vitality.

It restores the functions of the digestive organs, strengthens the mental and physical powers, relieves the dullness and drowsiness of nervous weakness.

"Ten nights are required to repair one night's loss of sleep," says an adage. But nothing so calms and soothes the nerves as Paine's Celery Compound or so surely brings sound, dreamless sleep during which the daily loss of nervous energy is replaced and the exhausted tissues repaired.

For men and women subjected to the enormous strain of physical or spiritual efforts of vitality through any form of dissipation, nothing will save them from complete breakdown like Paine's Celery Compound.

Paine's Celery Compound is the outcome of a long life devoted to a comprehensive scientific study of the tissues of the important organs of the body and their dependence upon the nervous system.

None are an eminent scientist, like Dr. E. P. Phillips, M. D., D. L. D., Professor in the Davenport College Medical School, first prepared Paine's Celery Compound, the great remedy that has cured so many thousands sick, nervous and feeble men and women throughout the country.

Paine's Celery Compound supplies the

MR. GLEAD.

Our friend O. B. Thomas was in your city Saturday.

Mrs. Amy Goddard of Upper Oak Woods was a visitor to your city Saturday.

Miss Hattie Rose of Tollesboro is visiting her cousin, Miss Mollie Branci, this week.

Miss Daisy Lyons was on the scene last week, but at this writing is some other place.

W. W. Davenport and Miss Achille Bradley called on friends at Mt. Carmel Sunday evening.

Mimes Lida Bradley and Lula Hopper were the pleasant guests of Miss Carrie Davenport Saturday and Sunday.

Mrs. G. W. Williams of Plagen, Fayette county, was a pleasant guest of Mr. and Mrs. S. A. Braniel of this vicinity.

Several of our young people attended church at Orangefield Sunday night. Mrs. Langston, a student of the Bible Institute at Lexington, preached an eloquent sermon. They were delighted with it.

M. D. Farrow, after an absence of several months, has returned once more. We wish to extend to him our hearty welcome and hope that he will find that there is no place like Mt. Carmel. The writer of these few lines would say that he knows whereof he speaks.

tired system all it needs in the way of food for nerves and blood.

Rheumatism is relieved when every other means fails.

In all wasting diseases recovery becomes a simple, easy matter when the strength is kept up by Paine's Celery Compound and the nerves and vital organs receive in abundance the food they demand.

The foundation of recovery from diseases which attack special organs is laid by the utmost attention of the nutrition of the whole body. No nutritive agent was ever discovered that will feed nerves and system and restore the natural functions of the vital organs. Like Paine's Celery Compound, well nourished bodies, well fed brains, sound sleep, health and strength have come to their sounds from Paine's Celery Compound.

J. H. Engle is a prominent merchant in the beautiful town of Hamilton, Iowa. His reputation is too high to permit of his recommending a preparation unless it has superior merit. Read what he says of the great good Paine's Celery Compound has done him and his family.

"I feel it my duty," he writes, "to say a good word for Paine's Celery Compound. I have suffered for a number of years from neuralgia, and tried many different medicines without relief. Finally I was persuaded to try Paine's Celery Compound. After using nine bottles I am in better health than I have been for many years.

"My wife and children have also been using the compound with marked benefit to all of them."

The picture above is of Mr. Engle and his family. They have had the same experience as thousands of others.

G. W. Braniel, formerly of this vicinity but now a resident of Fayette county, is here on a visit to relatives. Mr. Braniel has been using Paine's Celery Compound quite extensively for the past two years and will put out forty acres of the weed this coming year. He has our best wishes.

Prepared for War.

Frank Robinson is having a hearing in the Police Court this morning on the charge of carrying concealed weapons.

He was flourishing a revolver about in the street and Officer McElroy arrested him yesterday on the charge above named.
